

CHRONOLOGY OF THE BIBLE RECORD

To whom of some of the books of the Bible were revealed where the person is not named in the text is open to question. However, the following list contains the generally accepted names. The dates for the books from Ezra through Revelation have been taken from The Bible Handbook by Joseph Angus. New Testament dates have been compared with those found in Haley's Bible Handbook. Dates for the Old Testament are B.C., those for the New Testament are A.D.. Note that for many books, especially in the Old Testament, dates are approximate.
